

STUDENT'S LETTER TO HOST FAMILY

NAME OF STUDENT Chihiro Ishiguro

Dear Host family,

Hello! I am Chihiro Ishiguro. I'm a high school student. First of all, I would like to introduce my family! There are five members in my family: my parents, a brother, a sister and I. We are very close  My brother and sister live in Tokyo to go to their university. We also have a dog  she is called Maron  Her breed is corgi. Maron has short legs and is very cute  She always welcomes us when we come home.

In my hometown, it snows a lot. Sometimes accumulation of snow can be up to 2 meters tall  When the snow melts and in the spring season, there comes a cherry blossom festival  There are 4000 cherry blossom trees and it is very beautiful  With my friends, I often go out to eat or play games together! I once went to a festival wearing a kimono in summer! I also like reading comic books  For example, I read "Demon Slayer", "Attack on Titan", and many more! Other than these things, I like to play basketball. I belonged to a basketball club and I still play it from time to time .

The reason why I applied for this homestay program is because I really want to try something challenging during my summer vacation this year. It is also because I can experience things I love, such as basketball, baseball and movies, in southern California!

Thank you for considering accepting me to your family. I am looking forward to seeing you very much!

Kind regards,

Chihiro Ishiguro
