

Mathilde

The best Host Family
California

Suresnes, November 19th 2023

Dear Host family, 😊

I would like to begin to thank the persons who are going to welcome me in their family during my stay.

My name is Mathilde, I'll be 15 years old next July. I live in Suresnes during the school year, a town near Paris, in a house with my parents and my brother Paul, who is 13. I love my family. I like my town because I can do a lot of things on my own: I go to school by bike or bus, I can easily see my friends for shopping, restaurant and party. I am at present in high school and I would like to follow my father and become a pilot.

The rest of the year, when I'm on vacation, I usually go to my grandparents' house in the south of France, in a small wine-growing village named "Domazan". I love going there because I can spend time with my family, especially my 8 cousins. The weather's always nice and it's in a big house in countryside and my grand-mother cooks very well. 😊

I like skiing, climbing, scuba diving, that kind of sport. But I also like playing the piano, I play in a conservatory for 8 years; I love traveling all over the world: I went to China, Cuba, South Africa, Mexico... but never in the United States and it's one of my dreams. I use to watch American' movies or series and I look forward to seeing how it's in reality. See what is the culture of your country, see how you live etc.... And specially, in California!

I have checked the weather overthere and it seems to be hot and sunny all year long. I love this kind of cool life style atmosphere.

Of course, improving my skills in English with an American accent 😊 is also very important for me.

I went many times in summer camp but it will be the first time for me outside France and in a host family. I am simple and easy to live and I hope we will enjoy sharing time together.

Looking forward to meeting you!

Best regards

Mathilde.F

MATHILDE 'S LIFE

I live in Suresnes, a town next to Paris

My house

My school: Saint Joseph du Parchamp

Stand-up Paddle on the Seine River

I love spending time with my friends

My hobbies: Piano, climb, beach, scuba dive, wakeboard....
