Hello!

My name is Line, and I would like to present myself and express my interest and motivation in participating in a 4-week immersion experience in Los Angeles with your American family.

I am 14 years old and currently reside in Aurillac, France. In my family, I have an older sister named Alba, who is 16, and a younger brother named Carl, who is 11. My mother's name is Jordane, and my father's name is Adrien. We also share our home with two adorable cats, Sunny and Uno.

I am passionate about sports, particularly boxing. In addition to that, I enjoy activities like rock climbing, skiing, and surfing, especially when I am on vacation near the ocean. I have a keen interest in exploring new things, which is why I am excited about the prospect of this incredible journey! I like to read, to laugh, to watch movie, to eat, to cook...

I admire the cultural richness of the United States, and I am convinced that living with your American family will allow me to fully immerse myself in the daily American life.

I am aware of the responsibilities that come with such an endeavor, and I am committed to actively participating in family life, respecting the rules of your home, and sharing daily tasks. My goal is not only to enrich my personal experience but also to contribute positively to your family life.

Thank you for taking the time to read my letter and I hope to see you soon !!!

Best regards,

Line NIVOLIEZ
