

Dear my future family!

I'm Malo NEZOU. I'm 15. I live near Rennes in France. I'm funny, smiling and sportsman. Later I want to work in scientist field. I practice football (soccer) since I was little as a goalkeeper. I just love this sport. However, in my life, I've done other sports like swimming, badminton. I love to eat, to travel in the world to discover new culture, new landscape. I love to practice sports and sleep. I live with my parents. I have a brother who don't live with us because he is gone away for his studies. His name is Ewan. My father's name is Patrice and my mother's name is Véronique. There are obviously very nice persons.

I have always travelled with my family like in Sri Lanka, Italia, in mountains... but this will be my first time travelling alone. That's why I'm a little bit stress, but also exciting.

So, I would like to participate to the program to join an American family. It's one of my life's goals to visit the United States. It would also allow me to improve my English skill. It will be unforgettable memories by living an incredible experience. I would like to discover all of this culture.

If you welcome me in your family, I will be so much happy and I already say thank you!
