

Paris, January 8, 2024

Dear host family,

I would like to come visit the USA and stay for a month in your family.

My name is Tristan Chary. I'm 15 years old. I have two brothers, one older than me, Gabin, 17 years old, and one younger, Malo, 10 years old.

I live in Paris, in France. With my parents and brothers, we live in an apartment, in the 10th arrondissement (Paris is divided in 20 districts, called Arrondissement) in the North East of the city, very close to the biggest train station in Europe (Paris Gare du Nord). We are lucky because we all have our own bedroom.

I really like cats and dogs and would like to adopt one. But my mother is allergic to cats, and my parents don't think it would be a good idea to have a dog in an apartment, so it's complicated to get one for the moment.

I practice boxing, I play a little bit of piano and I really like drawing.

I really like Paris, it's a wonderful city with a lot of beautiful places like l'Avenue des Champs-Élysées, the Eiffel tower, the Sacré Coeur on the Butte Montmartre, the Louvre Palace and the Tuileries Garden. It also has lots of museums and things like that. I really like to hang out with my friends in the city especially at night when the city lights up.

I have a small group of very close friends with whom I do lots of things: playing football, playing video games and walking in the city. I also have some friends who are less close but with whom I have good relationships.

I'm currently in 3e, which is equivalent to 9th grade in the US. In school, we learn lots of interesting things like genetics, the Pythagoras and the Thales theorems or the propagation of light. I really like sciences and would like to do engineering or medical studies. In college, I would say that my favorite subjects are PE, Mathematics, Sciences and History/Geography.

I would love to go to the US to discover a new culture and see how people live in a country more than 7000 kilometers away.

I'm looking forward to seeing you next summer and discovering the American way of life.

Have a good day!

Tristan
