

Dear Host family,

My name is Léonie, I am a french girl of 15 years old. I live in Brest, in west of France.

My parents are Delphine and Patrice. My mother works in a bank and my father is a consultant. I have a sister, Anna, she is 16, one year older than me. We both go to High school in Brest. My favorite matters are sport and economic social science.

I love animals, except snakes and crocodiles ! At home, we have two lovely pets : a Chihuahua named Sclarlett and a cat named Elya.

I am very sociable, open-minded person, joyful, sportive and I like children.

My favorite sport is gymnastics rhythmic. I have been doing this sport for 6 years. Me and my team do competitions, we spend very good time together. I like also cycling, swimming, sailing.

I like to have time with my friends. My best friend is Elliette, I have known her for 4 years. We like shopping, going to cinema, chatting, cooking or watching series (my favorites one are Desperate Housewives and Greys Anatomy). In summer, me and my friends love going to the beach, picnicking or sailing, because we live by the sea.

I love travelling with my family. We often go to Italy during summer, because my parents love this country ! We have been in many countries of Europe (Spain, Portugal, Croatia, Austria, Germany, Swiss). I have the chance to go to New York just before Covid, it was a fabulous travel. And during winter holidays, we went to Thailand, a magnificent country too.

I am so happy to come to California, it is one of my dream. During my immersion in a host American family, I want to discover the American way of life, and American culture and sharing with my host family my European culture. I also want to improve my English and I am sure that an immersion experience will be very good for that ! I am very excited about this homestay.

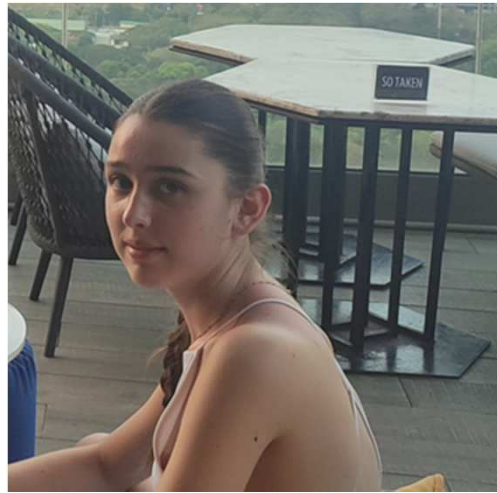

I thank so much for welcoming me into your family.

Best Regards

Léonie

Hello, I am Léonie,
Nice to meet you !

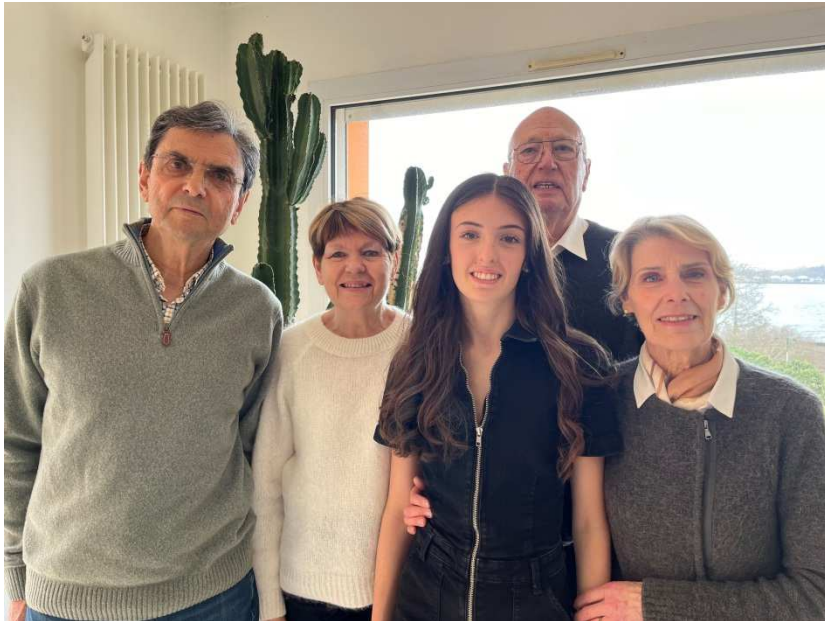

My family

My sister Anna

My parents, Delphine & Patrice

My grand parents

My pets :
Scarlett the chihuahua
& my cat Elya

My house,
near the town of Brest
