What is your religious affiliation, if any: CATHOLIC
 Would you accept to go to religious service with your host family? Yes In theory no, but I'm okay to try (it will not be mandatory but it usually is an important part of the American family life)

OUI-CONNECT IS A NON-SMOKING/VAPING PROGRAM

Dear host family !

My name is Raphaël, I live with my parents, my sister Constance and my dog. The rest of family isn't far from me, we all get along well together, it's a family affair !!! I have a dog, whose name is "Okla" like Oklahoma ! My last dog name's was Bronx. We have always given names of americans states or district to our animals. We love the Unites States very much but we can't go there as much as we would like so the names we gave to our animals make us travel to you !

I live in a villa at 10 minutes of Toulouse (Toulouse is in the south west of France) on a city whose name is Balma. In Balma, I live on the hills near the countryside. I move by my scooter to go to high school, to see my friends, to see my grandparents or go to town to go shopping.

I have friends from differents backgrounds :

- My school friends that I know since kindergarden an college with whom I share meals, cinemas, sports, outings, laughter...
- My karting friends with whom I perform, I doubt, I share victories or defeats, with whom I spend entire weekends in the sun or in the rain in hardship or in joy.

I'm quite sporty I like being outside and testing different activities . Toulouse is very well placed geographically near the mountains and near the ocean wich allows me to practice my passions . In winter , I do snowboard in the Spanish Pyrenees and in the summer bodyboarding and skimboarding in Hossegor by the Ocean . In addition I practice karting competitively throughout France from February to October and the rest of the time I do training . From April to October to maintain my physical fitness I practice wakeboarding on a cable .

At school , I study math , French , Spanish , English , physics , science , science economics and social , digital work science ... I take math lessons on the side because it's not my strong point . I love English because I have a great teacher

I choose to go to the United States this year for two reasons :

At first I always saw the United States like a country of reference in this culture but above all in its way of being , its way of encouraging rather than pushing , its way of being proud of a success rather than hiding .

The other reason I want to come to the United States is that my little sister has been very anxious for 2 years , we can not longer travel as much as before with our parents . So I took the decision to leave alone in order to improve my English and share a few weeks with you in order to see another culture and another life that I would love to have .

I am aware that mastering your language is essential for my future , the fact of being in total immersion does not leave the choice of speaking a language other than English and I think that it is by hesitating that we learn the best . I think this experience will also make me more mature and responsible . My parents say of me that I am mature , responsible , respectful , honest and affectionate ! I hope to see you soon , looking forward to meeting you and sharing our cultures . Best regards
