

Dear American Family,

Hello, my name is Candice, I am 13 years old (almost 14) and I live in Aix-en-provence, in the south of France.

I really want to go to Los Angeles because it's a great opportunity for me to make new friends and also improve my English.

Actually, it will help me becoming more autonomus. I really like to travel, discovering other countries and cultures. In 2018, I traveled to Sri Lanka, the following year i visited Peru. When I was nine years old,I went to Namibia where I had an extraordinary experience in the heart of the Savannah,(I slept outside in tents...).

Two years ago, I took a road trip to Canada and the last summer, I traveled to Costa Rica. I really enjoyed all of those trips! With my mother,we spent Halloween in London, summers in Ibiza and for new year 2023, we went to New York. I liked it so much and i would like to learn more about USA.

My hobby is dancing, I really like it and I guess I have a talent for that...I've explored many differents dance styles, including classical, modern, hip-hop and street dance. Dancing is truly something I love. I really like singing too, I listen to all types of musics such as: Jul, Sia, Beyonce, Gims and others... My other hobby is golfing, wich I share with my father.He introduced me to this sport and i've really grown to enjoy it. At home,I like creating videos or dance clips and watching movies. I watch all types of movies and series like fiction, romantic, adventures... but not horror ! Recently ,I went to the theater to watch wicked. I'm very eager to learn new languages. I speak English,Spanish,French,and I'm learning Japanese.

I am looking very much to learn about USA culture and lifestyle, share the daily life of a typical American family. I can't hardly wait to meet you and I thank you very much for your hospitality.

Candice
