

Dear Host Family,

My name is Hanaé Geulin-Loevenbruck, I am 15 years old and I am in 10th grade. I live in a house, located in Henvic, a small city in Brittany at the west of France. We are approximately 1900 Henvicois. The daily life is centered in the village where we can find a city hall, a church, a pretty chapel, a hairdresser, a bar, a playground, a bakery and an automatic distributor of pizzas.

My parents Sébastien and Marie-Pierre are married since almost 20 years and we will celebrate it this summer during a big party.

I have two brothers: Timéo 18 years old, who is in preparatory class for business school, and Ilyos 9 years old who is in 4th grade. I have also a little sister, called Eolie, who is 11 years old and is in 6th grade.

My 3 best friends are Anwen, Léa and Cyrielle. I know Anwen since kindergarten and Cyrielle and Léa since the college.

My best friend is called Victor: we are friends since the primary school and he lives at 100 meters of my house. The summer, we join "à la cale", a dock next to our houses to swim.

I have 4 cats called Moorea, Bora, Raiatea and Tikehau, names of Polynesian islands, because my mother comes from Tahiti.

During free times, I do 3 hours of dance by week and about 2 hours of climbing for 7 years now. I like playing the piano, listening to music and taking care of my little brother and sister.

I am student in a high school named Notre Dame du Kreisker at Saint Pol de Léon. I study French, English, Spanish, History, Mathematics, Physics, Chemistry, Science and Life on Earth, Digital and Technological Sciences, Economic and Social Sciences, and Sport.

I like Mathematics, English and Economic and Social Sciences even if I sometimes have difficulties.

I am a chatty person with the people I know, I am very comfortable with children, I often take care of my siblings. People who know me say that I am generous. I like listening to people and I am rather sensitive.

The reason why I would like to come to the United States is that it is a great opportunity to improve my language skills, to discover your country, your culture, your culinary specialties (as well the fast food), but particularly to live a great immersive experience. I am very motivated to integrate your host family and fully participate to cultural exchange. This stay will also allow me to develop my autonomy, my open-mindedness and taste of independence.

This travel is also for me a beautiful experience for my future because later I would like to become flight attendant. After my baccalaureate, I would like to study in Rennes to follow their training and courses for the purpose of obtaining the Cabin Crew Certificate.

I am convinced that this adventure will be benefic in everyway.

Thank you in advance for your attention to my letter.
