

Hello, my name is Rosa, I am 17 years old, I live in Zaragoza, Spain. I am nervous, excited, and eager to meet you and live an American life with you, what an adventure this will be! Thank you for having me into your home. I live with my parents, Manuel who work in a food company and my mother Cristina who is administrative. I have a little dog named Alan who I love very much. I like sports, reading and listening to music. This will be my first time that I will travel so far from my home without my parents and while I am nervous, I know it will be such a great opportunity and experience. I have been to the US and did truly love it! I do love traveling and have been to places like Czech Republic, Malta, Italy and other areas of Spain. I am very grateful to you because you will be welcoming me in your house for three weeks. A lot of thanks and kisses!
