

Dear host family,

My name is Sergio Mira, I'm a student who is 14 years old and lives in Malaga, a big city in the south of Spain. My mother is called Natalia and my father is called Sergio, as me. I have one sister who is called Aitana and she is 17 years old. We love to spend time together either watching TV series, going shopping or playing board games which is our favourite activity. We have a dog who is called Malta. She is a Maltese which is 4 years old, I love playing with her and going for long walks together.

I am a person who likes playing sports and keeping fit. I row at Real Club Mediterraneo rowing club. I've been rowing for 4 years and I have already won a lot of competitions and made lots of achievements, such as being in the top 4 of my country last year. I also like reading books, painting and listening to music which I do when I want to keep calm and relax. Finally, I like hanging out with my Friends, organising plans like going to the cinema, the city center, having dinner together, going to the beach...

California is a place which I always wanted to visit and when my father asked me if I wanted to go there for three weeks couldn't say no. I have always wanted to go to a place I didn't know to meet new people with different cultures and interests while at the same time improving my English and California was the best option for it due to the fact that it had a lot of trips to interesting and fun places.

Thank you so much for welcoming me into your home! I really appreciate your kindness and generosity. I promise to follow all the house rules and do my best to be a good guest. I'm very excited to spend time with you and learn from this experience. Thanks again for everything!

Best wishes,

Sergio
