

♥ Dear American family ♥

My name is Anita, I'm 14 years old, and I live with my family in Deuil la Barre, a charming small town located 15 kilometers north of Paris, France. I am writing this letter with great excitement and curiosity because I would love to spend the summer in the United States to learn English and explore a new culture.

In my daily life, I love to be with my family: there's my mom, dad (Sonia and Maxime), and my little brother Lémuel, who's 13. I really love our TV nights and singing karaoke together. It's so much fun!

I'm also really close to my four grandparents. They're special to me and I enjoy spending time with them, listening to their stories and getting their advice.

Overall, my family is like my safe place. They're always there for me and make me feel happy.

I adore my town, Deuil la Barre, because it's a place where you can do everything on foot. Whether it's going to the library, the cinema, a restaurant, the swimming pool, or the stadium, it only takes a few steps to reach all these places.

My best friend Shaïly and I love to take walks, talk, and spend hours sharing our dreams and secrets. Even though we attend the same school, we're not in the same class, so when we get together, we always have a lot to catch up on!

I go to school in Enghien les Bains, a neighboring town, which I reach on foot in 15 minutes every day. I must also mention that I really enjoy my school – the teachers are kind and always available to help. We have a great gymnasium with a climbing wall, which I absolutely love!

I'm a dedicated and curious student, passionate about English and reading. I also enjoy playing the flute and outdoor activities in my free time. My dream for the future is to work in diplomacy because I'd like to contribute to peace and understanding between countries. This experience in the United States would be a significant step to turn this dream into reality by improving my language skills and opening me up to a different culture.

I am a responsible, respectful, and always willing to help person. I hope you will consider giving me the opportunity to be a part of your family for 3 weeks in summer.

Thank you very much for taking the time to read my letter. Please do not hesitate to contact me and my parents if you have any questions or need additional information.

Sincerely,

Anita ♥♥♥
