

Dear Host Family,

My name is Martín, I am 13 years old and I live in Zamora, a city in Spain.

I have a twin brother, and together we really enjoy doing activities with our family, such as cooking, playing board games, and watching movies. We also have a lot of fun playing video games, basketball, and hanging out with our friends.

I have many hobbies, I love to play chess, I also play basketball, frontenis and this summer I surfed. I really like video games and meeting my friends for a walk or going to the cinema.

During holidays, I love spending time with my family, grandparents, and cousins. We like discovering new cities, visiting museums, beaches, and amusement parks.

I would be very excited to travel to California to live this experience with you and to improve my English. I am sure I will learn a lot, and I would love to share my customs and traditions with you.

Thank you very much for your hospitality and for welcoming me into your home. I am looking forward to meeting you and sharing unforgettable moments together.

I am wishing to meet you!
